The Green Party of St. Louis announces Willie Marshall's candidacy for the office of Public Administrator (PA) for the City of St. Louis in the November 2004 election. The PA is in charge of caring for the financial needs and the general welfare of those who are unable to care for themselves such as the mentally ill. There are others who are desperately in need of services—groups such as the incarcerated, homeless, victims of racism and discrimination, underemployed workers and the unemployed and underemployed St. Louis citizens who have dropped out of the job market. These often forgotten citizens are in need of a strong advocate. Willie Marshall's vision is to make sure this occurs.
