Black & Green Wednesday

The struggle for oil is part of US efforts at global domination. What are the effects of oil dependency on our environment, on climate change? How has Iraq's environment and public health system been devastated? What are the alternatives to oil that exist all around us?

Memorial tribute to Damu Smith, National Black Environmental Justice Network and founder of Black Voices for Peace, by **Sylvester Brown**, *St. Louis Post-Dispatch* columnist.

Michael McPhearson, Veterans For Peace,
Instead of War Coalition

Erin Noble, Missouri Coalition for the Environment

Bud Deraps, Veterans For Peace

Larry Rice, New Life Evangelistic Center,
Missouri Renewable Energy

J'Asa McCaleb, Gateway
Green Alliance, Univ African
Peoples Org [moderator]
